**Nathaniel:** Greetings and my blessings to each of you, my children, I am Nathaniel.

It has been my lot to speak to you on this occasion, that I should like to speak for a few moments concerning the times that are ahead and what part many of you will play in these coming times. There are many across the surface of your planet who have been made aware of the situations that they are to face in the future, of the coming changes.

Many are aware of these things. Some have a realization of why they are aware and of the part that they will play in these coming times. Many of you are now being made aware of the fact that you are receiving training and preparation for these times to come, preparation that you are not aware of preparation that takes place during the period of unconscious so far as your physical expression is concerned. These preparations are not being done for naught. These great teachers who are conducting these schools and classes are doing this because they have been requested to do so and because they know there is a purpose behind it.

Many wonder why they are being prepared when they feel that they will not be here when these things occur. My friends this is not so, for you see you live in a world within a world. Even more than that, worlds within worlds. The changes that are coming about that are to take place in your solar system and upon your earth will be just as real regardless of what expression of life you may be in at that time, and there will be great work to be done on all the levels of consciousness in and around your planet. You are being prepared for the work to be done at the point in time that you will be when your work is required.

Some will be called upon sooner than others. Some have already been called upon, depending their work is and where it is to take place and when. There is going to be great need for strong souls, for souls with knowledge and wisdom and this is what is being given now on a level of consciousness that you are not entirely aware of. Some of the knowledge will filter through to the conscious mind as time goes on, but the greatest knowledge and greatest wisdom will be

awakened in you at a proper time when it is needed and you will find knowledge and understanding that you could not possibly conceive of at the moment. You will find powers awakened in you, powers that must be used with great wisdom and you will have that wisdom.

But when this time arrives accept your task and do it well. Have only one thing in mind, that being to perform that which is assigned to you to your fullest. It may seem like a great task or it may seem like a trivial task. Whatever it might be, do it and do it to your fullest capacity and if you do this you will have naught to be concerned about. Your path will be protected. You will be able to go about a way that you did not believe possible. They may fall on your right and on your left but you shall proceed unharmed for you will be walking in His protective light and nothing can come nigh unto thee.

So pray, my friends, that your wisdom, your faith, and your courage will hold ever steadfast, knowing that you walk in the light of His everlasting love, knowing that you are truth. You are because He is.

May His blessings and the blessings of all those great ones who serve be invoked upon each of you here this night. May each of you go forth with love and with peace in your hearts and may you grow stronger day-by-day in His light. ☸
