

Caveat: These communications are informative teaching instructions for those who seek to increase their understanding of themselves and the magnitude of the future lying before us all. These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. Although it has been checked for obvious errors, it has not been finally edited.

Yaum: Good evening to you, my friends, I am Yaum.

It gives me great pleasure to come among you. I wish to extend my gratitude to the head of this household for accepting me into your household and to the rest of you I wish to extend my thanks for being accepted among you. I hope that I can be of some service to you, if I can I shall be grateful.

It is not my desire to try to force my ideas upon anyone. I only will share with you and if you can accept what I say and it is of benefit to you I am happy. If you cannot it is your privilege to reject. Everyone should have this privilege, I believe.

Now, my friends, I shall try to be brief as I know your hour is getting late. But you know your language is not my language so if I make a few mistakes in your language you will please excuse me. I have to translate my language into yours.

My friends, it is a great privilege for you to have the opportunity to live in these times although there are and will be times of great trials in the days ahead as there has been in some places the last few days. Yet for those who are truly seeking to know truth and to gain understanding these are wonderful times. So, my friends, be grateful that you have the opportunity to live in these times. But you must be aware of the opportunities and take advantage of them and if you do this you will find these opportunities varied and many. To be aware one must attempt to be aware in all things, all things that go on about you and especially the things that will give you opportunities to grow. The greatest opportunity to grow is in taking advantage of all opportunities to serve, to serve your fellow man and to take advantage of all of the opportunities that are available to you to gain spiritual understanding, understanding of self. And the greatest of these is to understand self and this, my friends, is no small order. Of all understanding, understanding self is the greatest. For when you have learned to know and understand self then you will begin, just begin, to in understand God and His perfection.

Now, my friends, there are great things to take place upon your planet today and it is well to study your Book of Books, to become familiar with the prophecies that

were given in ancient times concerning the days which you are now experiencing. Many of your people are not aware of the fact that they are experiencing these days but I say to you, and I am sure that all of you here are aware, that these are the days. I was said by your Great Master, your Lord of Lords, that in these days His word, His teachings would be carried to the far corners of the earth and each man would have the opportunity to hear them, to see and to accept them. And do you know that this is happening today? His word is being carried to the far corners of the earth. He has made the way open for this to take place and it is taking place and great things are happening.

The Christ Spirit and the Holy Spirit or the Holy Breath is moving among mankind today as it has not moved in many, many hundreds of years. The Christ Light is being awakened in the hearts of many, many are seeing Him as they have never seen before. Great miracles are taking place all over the surface of planet Earth, not only in your country but throughout the world. People are accepting Christ into their hearts and the Holy Breath is breathing new life into them. They are becoming fired with His love. These, my friends, are some of the signs of the times. Are you aware of this great movement, these great events that are happening throughout your world today? Become aware, my friends, and become one of His servants. Carry His words wherever you go, read His words, meditate upon them and pray for understanding.

Great efforts are being put forth today by many of your people to gain understanding by searching through books of all natures occult, metaphysical and some of these are fine but great amounts of time and money are wasted in this direction by many of your people when all they need to do is study the Book of Books. But you must study it deeply, you must meditate upon its words and pray for understanding. You must be sincere, you must be true to self. Your greatest asset is self and your greatest enemy is self. If you are looking for God the only place you will find Him is within self and if you are looking for Satan, the only place you will find him is within self.

This and much more is revealed. in this great Book but one must have eyes to see and ears to hear. And unless one is true to self, is sincere, is humble and is

willing to work for his understanding he will not have the eyes to see nor the ears to hear. For God's great secrets, His great love, His great wisdom and His great power are only for those who are endowed with those things. For God cannot trust His power to those who are not trustworthy. So, my friends, it behooves all mankind, if he would enter into His Kingdom, to cultivate and develop these qualities. And I am sure that all of you here are doing this to the best of your ability. Each man, each woman, each child of God is given certain talents, certain exceptional abilities. Discover these in yourself and use them to glorify God.

It is my privilege, my friends, to have spent these few moments with you. I extend to each of you my love, my blessings and my understanding. May each of you in your search for truth and self-realization grow rapidly. And may each of you receive the blessings of all the Great Ones. May their light and love be invoked upon each of you tonight.

Peace be with you, my friends, peace, peace. ☸
