**Hatton:** Greetings, I greet you, my beloved friends, in the love and light of the infinite creator. I am Hatton.

It is my pleasure to again speak with you, my beloved friends. I have not spoken with you so often in recent months, because I do not find it necessary. You have reached the point in your progress where each of you know quite well what lies ahead and what is required of you in your development and preparation for the future. Also, each of you, or perhaps I should say, most of you here, are aware of your individual wisdoms and are receiving help from them of which you are aware. Try to allow them to help you in every way possible by being aware, for awareness, my friends, is necessary if you are to grow spiritually.

You see, beloved friends, what so often happens, is that you become so involved in things that are going on about you, that you forget to be aware of the inner guidance which is so important to you, both for your growth and your well being. Many times lack of awareness prevents you from avoiding certain unpleasant experiences and also from experiencing some more pleasant things. For as yet you are not quite able to foresee certain events that are in the path before you. Those who are attempting to help you, are often able to anticipate these things. They attempt to guide you properly that you might avoid or not avoid certain things. So be ever aware of these inner urges, but also you must be careful that you are not persuaded by your ego.

There has been no time in your civilization when spiritual development is as important as it is today. I urge each of you to take advantage of every opportunity to grow spiritually. We do everything we can to bring these opportunities your way. We cannot do it for you, nor shall we attempt to do so.

There are many opportunities available to you in your own environment. You yourselves must put forth the effort to find and take advantage of these opportunities. We bring to you only that which we feel will stimulate your desire to learn. But you, my friends, are the only one who can raise your consciousness.

Soon more tragic events shall occur upon planet Earth. Earth man sits upon a razor's edge and which way he

falls will depend upon him. A great awareness must be awakened in Earth man, an awareness of his true identity, an awareness of the need for man to join together in love and understanding, and a great desire to do so. The more this spreads upon planet Earth, the less her people will suffer in the days ahead.

A great opportunity is now available to any Earth being who cares to serve mankind. A great opportunity awaits to spread the light among Earth man, and each person can help a great deal in this by allowing in himself this light of understanding to develop, to grow and to spread to others by your contact with them. For as the light of understanding increases within your own consciousness, it is felt by those with whom you come in contact, and automatically their consciousness is raised. You need not speak a single word.

There are thousands and thousands upon your planet who have been attempting to raise mankind spiritually for centuries through the word, but the word is not effective, unless the light and the understanding is there. You cannot give what you do not have. So each man or each woman can only give to their own capacity, therefore, let us raise our capacity to give by increasing the light within ourselves.

It has been my pleasure, beloved friends, to again spend a few moments with you. I have not forgotten, nor will I forget you, for you are all near and dear to me. My love for you is not a love as you know it upon planet Earth, but a love that goes much deeper, a love that someday you will understand, and when you truly experience this love, I am sure it will be a great experience for you, and you would not exchange it for the greatest experience, or the greatest of monetary gains that you could possibly have.

May the light grow within each of you to a point where everyone with whom you come in contact, will feel the benefit from it.
