Joseph: Greetings to you, my beloved brothers and sisters of Earth, I am Joseph.

I thought that I would come by for a few moments tonight and visit you in your Center.

You are now approaching the celebration of the birth of the Christ Child. We hope that more and more of your people will contemplate upon the true meaning, upon the symbology of this occasion. There are great celebrations held in all of your religious organizations at this time but little emphasis is put upon the true symbology of this occasion. There are many of your organizations who carry on very elaborate demonstrations but they only tell the story as it happened. In fact, few of your religious leaders really know the true symbology of this event.

If one is to carry out the celebration of this event in its true form one would meditate upon the true symbology and if the birth of the Christ Child of Love has not already taken place in their heart, then they should pray and ask for this to occur in his or her own life. For it is only through this becoming a reality in one, that one can enter the Kingdom. This is what was meant by the Great Master when He implied that only through Him could you enter this Kingdom. Only through "He, the Christ Child of Love" being born in the heart of the individual does he come into the true understanding of love as it is understood in the higher realms of life.

So, people of Earth, concentrate on this, not only during this season, but do it continually until you have accomplished it, and when you have accomplished you will know and you will be a different person, for all of your fears and frustrations, hates and doubts will have turned to love and you will love and understand, not only your brother and sister beings but all Creation and you will feel that oneness with all Creation and you will know its perfection. You will see a perfection that you have never seen before. Its beauty will awe and amaze you.

May each of you here this night find the Christ Child in your heart and nourish it to maturity.

As I leave I wish to extend to each of you my most sincere love and blessings and I would bestow upon

this abode my blessings and my love. May it ever be a Center of service to mankind and may all of you who gather here find a bond of love and friendship that will bind you forevermore.

May the peace, joy and love rest ever in the hearts of each of you.

Peace, peace, peace. ☸
