

*Caveat: These communications are informative teaching instructions for those who seek to increase their understanding of themselves and the magnitude of the future lying before us all. These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. Although it has been checked for obvious errors, it has not been finally edited.*

**Oxal:** Know and understand that creative spirit which dwells within you, of which you are a part, of which you are. When you know this, my dear friends, I repeat, when you know this, then many, many things shall become clear to you. But that is the first thing that you must know—that you are—you are—because he is. Realize at this moment your a oneness with your creator. We do not bow our head when we worship. We look up and out. Realize that Christ light within you. Realize that you are God. That you are a part of that one, and that you are expressing for him. He is expressing through you. You are his expression. Once these realizations are firm in your mind, once you know who you are, then, my friends, truth shall unveil itself to you and all shall become clear.

Keep your sights high, my beloved. Demand only that which is of the highest because you are of the highest. You and your creator are one. You are a creator. You are a co-creator with the one great all powerful creator of all. Realize this. When this realization of your a oneness with the father becomes a part of your consciousness, you shall find a whole new universe opening to you. Declare your rightful place, your sonship with your creator. Learn to look out from your creator, rather than up to. You of yourself, I of myself, can do nothing, but the father within me and the father within you can accomplish all things through me, his perfect expression. All things are mine, all things are yours, because he is, We are. ✿
