**Oxal:** Greetings in the Light, my friends, I am Oxal.

Once more many of the people of Earth are preparing to celebrate the birth of the Great Master and Teacher who came among you a short time ago. We sincerely hope that the true realization of the birth of the Christ Child will dawn upon many people this time around. We hope that the Christ Child will be born in the hearts of many during this season, for this is the true symbology of the birth of the Christ. First he must be born in the heart and then nourished and brought to maturity where the true realization of the word love can come to one.

This Great Master stands ready again to walk among the people as soon as the way has been prepared. Many of his disciples are walking among Earth people at this time, helping to prepare the way so that he might once more come among you and this time finish the work that he began at the dawn of this age which you are presently to move out of. Each person is responsible for the preparation of themselves for this great event. Many times in his last sojourn, did he not ask that you might be ready, that you prepare yourself, that you have your wicks trimmed and your lamps filled, for ye know not when the bridegroom cometh? Oh, I know that many feel that they know the time and place or very close to it, but sometimes even the Great Ones do what you call, "springing a surprise." So preparation for these times is very important for if you lack preparation you may be left behind and have to wait again for the ages to roll.

We, on the Otavana, have come to aid those who make the effort to make the change, to serve in the Everlasting Light. We can only aid those who make the choice. We cannot do it for them nor can we bring about their development after they have made the choice. But there are many ways that we can help, as in seeing that opportunities come to them at the right time when they can best take advantage of them.

Many have made this choice in the past few years of your time and we are humbled to have had the opportunity to have helped some of them so that their growth might be made more rapid.

There are trying times ahead, my friends, when all of the Spiritual fortitude that you can muster will be needed to overcome the obstacles that you shall come up against. But be of good cheer for as you see these things coming about, know that your salvation is near. Know that soon these things will have passed and you will come into a new life, a greater and more abundant life, one where you will really begin to know thyself.

To know thyself may sound like a very simple accomplishment, but you will find, my friends, that a great deal of time and effort will be needed. In fact much, much time and effort will be spent and then you will only have a slight understanding. So you see you have plenty of work to do to keep you busy for a long, long time, almost never ending time, to work on oneself.

I extend to you the love of my people. I am Oxal. ☸
