**Hatton:** I greet you, my beloved friends, in the love and light of the infinite creator. I am Hatton.

Today upon planet Earth there exists in one nation great elation while in your nation there exists more or less a state of depression. In the one nation, they feel a great milestone has been reached and perhaps it has. It is unfortunate that there must exist between people upon any planet a condition of this type. Here we have two great powers divided against one another, each claiming to have a superior way of life, each pointing at the other and accusing.

Frankly, my friends, we fail to see too much superiority in either. Among the leaders of your great nation there are some great men who are striving to pull this nation up by its boot straps, so to speak. But I assure you they have great resistance forced upon them.

There is no reason why any nation should be advanced scientifically over your nation. The only reason is the great waste that has taken place. Your nation has ruthlessly wasted its resources. It has not used the scientific knowledge that it has to the best advantages. Too often, time and material have been wasted on projects that were known to be outmoded.

Jealousy between factions has been a great factor also. Power interests through greed have wasted great amounts of resources of time, human efforts, money, as you call it, which is no more than a representative of human efforts. There is no other reason why your nation should lag. But above all there should be no competition between your peoples. These are the things that must be overcome. Men of all nations must join together and work for the good of all, and planet Earth shall never stand upon a firm foundation until these conditions are overcome.

It does not appear, my friends, that Earth man will overcome these things by mass in the short time that is left. It appears that individuals doing the overcoming within themselves will be the only solution for self survival. Time has been shortened a great deal by Earth man blunders. Therefore, it remains to be seen how rapidly the individuals will respond. I need not go into this in detail, for I am sure that all of you understand. I am sure all of you know what is to take

place in the transformation of planet Earth. Those who are responsible for the shortening of this time, have placed upon their heads a great Karmic debt. This we regret, but we cannot change the situation. People are being awakened to these facts as rapidly as possible in order to give them the opportunity to make their own preparations, for it is entirely up to each individual as to which way he shall go, and no one can change that.

Now, my friends, I must leave, but I should like first to thank each of you personally for asking the satellite to send you power, so that it might be increased to send to others, for giving yourself tonight as a channel of love to be used to channel through the energy so badly needed by your people. This you can do any time you desire, you need only to make your desires known. Each of you here are sensitive enough that you should have felt the flow of this energy.

May each of you, through your efforts to serve, raise your own consciousness to new heights. That each of you might find a better and happier existence.

Odina, my friends, Odina.

**Clyde:** The third satellite is contacting me mentally and I am merely repeating to you their message:

Request heard. You are now receiving a beam of energy from us which you asked for. The source of this energy is Infinite Light.

Allow this to flow through you: Each of you are being used as channels. Direct this Light or energy over your planet. Visualize energy completely encircling Planet Shan.

Great benefit can be received by you and by your planet.

Mental contact discontinued. ☸
