

Caveat: These communications are informative teaching instructions for those who seek to increase their understanding of themselves and the magnitude of the future lying before us all. These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. Although it has been checked for obvious errors, it has not been finally edited.

Zalhem: Greetings to you, my children, I am Zalhem. We have been aware of your anxiety for information and we have withheld this information because we have not felt that the time was right. We cannot give you too much information concerning this case because it would be too dangerous for you if you were to spread this information.

The information that you have, at this point, is quite correct concerning the forces that are dealing with this situation. This is a powerful and devious force that is working within your society and they are worldwide in their functioning. They have no principles. They will go to any means to eliminate that which they are instructed to eliminate. Human life means little in these circles.

As you know this situation is not new upon your planet. The Hierarchy has tried and tried to bring things to people of Earth that would be beneficial to them, that would bring them a better life. Yet through Earth people's indifference and ignorance and laziness, they have allowed these things to be kept from them. When I say, "laziness," I mean too lazy to think for themselves or act for themselves. They would rather let someone else do their thinking for them. They are like sheep, they have to be led.

In the case we are discussing, this person's death was not from natural causes. This organization of negative forces has devices that if their uses and functions were known to your masses of people they would be horrified. They can cause a death to come about and in no way can anyone prove that it was not from a natural cause. They can cause frustration in the minds of individuals with devices that they have available. They have devices that can tune into individuals and bring about mental disturbance, depression, many things, and even death.

So you see why we do not care to give you too many details in these situations, for we do not wish to endanger your lives or your life. And anyone who becomes too knowledgeable about the actions of these groups and is causing opposition and exposure is soon quieted.

Questioner: Isn't anyone's own strength and light any protection against these negative forces?

Zalhem: If you are strong enough, yes, but none of you are. It takes one with much knowledge of the occult laws in how to cope with them and to combat them, and how to protect themselves against them. Knowledge which none of you possess for at your stage of development, you would not be capable of coping with these forces. You have not been subject to these things and you will not be unless your interference and your knowledge becomes or comes to a point where they consider it dangerous to them. In other words, I'm sure you know of many who have probed these subjects, who have gotten close, very close to the truth and something happens.

Comment: But we all have a general knowledge of the activity of these negative forces.

Zalhem: You only have a slight knowledge, not enough to prove anything or to be able to point your finger at anyone or any place. Your knowledge is only general knowledge and means nothing.

Questioner: Can we hope that the *(name)* will be preserved and used in the New Age and not destroyed by man or geographical disasters?

Zalhem: Geographical destruction—yes; man destruction—who knows what Earth man will do? That is all that I can give you at this time. If this makes you feel any better, we are happy.

Questioner: Should what you have said to us not be repeated to anyone else?

Zalhem: I certainly would not recommend that you go public with this kind of information. Those that you have in mind (*M.A.C.D. group*) are wise enough to use it (*information*) for they realize, and there really isn't much here that would endanger you unless you start spreading the "death" statement that I made very widely and it is picked up by the other forces.

If you give this information to those above mentioned few, and it should depend upon how they can handle it, I would suggest to them that they not try to use it too strongly or they themselves might receive a visit.

I would assume that they are wise enough to do that.

Questioner: We would only give out this information with the understanding that it is not to be repeated to anyone.

Zalhem: If they respect you, then they should be safe with it. It is your decision and I am saying that discretion should be used by anyone who has this information. And especially anyone who is apt to build upon this information as many Earth people are wont to do.

Now as I leave I extend my Love and my Blessings to each of you and may you always find peace and happiness as you walk the road of Life.

May the blessings of the Great Ones be invoked upon you now.

Go in peace, beloved, go in peace.

Peace, peace, peace. ♣
