Special: Peace be with you, my friends, peace.

Great and Radiant One, send forth Thy Light to these, Thy children, that it might fill their hearts to overflowing, that they might experience a minute part of Thy Glory. Blest be ye everyone, blest be ye.

Children, seek ye knowledge, seek ye Wisdom and seek ye understanding, for when ye have these, ye have the powers of the universe within your hand. Ye seek to know the Truth. The Truth is ever before you, but to understand and know Truth, you must diligently seek, you must obey the laws of Truth. Ye cannot serve two Masters.

Man must grow and grow rapidly upon your planet if his civilization is to survive. Many fires of Light must be kindled, and they must be heaped high with fuel, in order to produce the Light that is needed to bring about this survival. The time is much shorter than you realize, yet Man continues to quarrel, to fight among themselves, to maneuver for positions that will give them advantage in their pursuit for power little realizing the destruction that they are heaping upon themselves.

I say to Earth Man, realize your divinity and claim it. Claim it with love, with humility and with a burning desire to serve Mankind, to be ever reaching a helping hand to your brother being, rather than attempting to get the advantage of him.

The laws are well known among your people, yet almost completely are they ignored. They are spoken of lightly and sneeringly. It is difficult for us who live the laws as we know them, to see how a civilization can follow a path of destruction when there is a path of beautiful life and glory that can be followed. How did this beast get such a foothold in the hearts of men? Yet it is obvious that he has.

It is time for Earth Man to reach out and grasp the Truth that he faces. We, from many realms of life, stand ready to extend to Earth Man, a helping and friendly hand, whenever he is willing and ready to accept it. We hope this time is not far off. Everything is being done to turn Earth Man upon the right path, but his resistance is great. He hears not, neither does he see, but moves blindly onward towards destruction.

But on the other side, my friends, we are happy to see minority groups of people, such as you have here, attempting to raise themselves in consciousness, to bring themselves above the consciousness that exists upon planet Earth, and we extend to you our congratulations, our blessings and our understanding, and encourage you to seek diligently, wisely, and assure you that the fruits of your efforts will be great.

And now, my friends, before I leave you, I will ask you to remain quiet for a short time after I have left the instrument, for each of you have with you your own wisdoms, and I shall assist them in bringing to each of you a special blessing. We are going to create around each of you an energy that will be beneficial to each of you, both mentally and physically. Open your hearts and let this energy flow freely through your being, that you might reap the benefits of it. May each of you receive the benefit, according to your own ability. We shall give freely.

Peace be with you, my friends, Peace be with you. ❀
