

Caveat: These communications are informative teaching instructions for those who seek to increase their understanding of themselves and the magnitude of the future lying before us all. These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. Samuel: Greetings to you, my children, I am Samuel. I shall be brief.

We do not wish to mislead you and perhaps from what we mentioned previously you might expect something different than that which we shall be talking about.

We will not be bringing you any great wisdom, or great teachings of the secret philosophies, or giving you the secrets of nature. What we shall be talking about, by and large, is the Brotherhood and how it functions, the various steps in the Path to adeptship. We will be talking about what is necessary for you to do in order to be accepted as a chela. We will be talking about your responsibilities to the Masters and the Masters responsibility to you. We will be giving you guidelines to follow in order to qualify.

The Masters take on a great responsibility when they choose a chela therefore they must be very careful and we shall explain why.

Many of the Great Masters are living in physical bodies upon your planet at this time, but they are living in remote areas that cannot be easily reached. And from there they do their work in serving your planet. These Great Beings have a love and dedication that is beyond your comprehension at this time.

These are some of the things that man must accomplish if he is to enter the Kingdom and abide therein.

I leave you by extending to you our deepest love and understanding. May each of you move rapidly in the overcoming that is necessary to reach that which you aspire to.

Go in peace, beloved ones, go in peace. Peace, peace, peace. ☸
