**Nathaniel:** Greetings to you, my children, I am Nathaniel.

Joseph and I have cleansed your auras and have given you some beneficial energies.

Now the evolution of man is a very slow process, but any path that leads to great heights is a slow process, so, my friends, be patient.

Put forth the effort, the desire to grow, to learn and understand the truth, and to live accordingly.

As long as man obeys the law, his path will be ever upward and onward, even if he is only obeying to the best of his knowledge. It is those who prefer to work against the law, who continue to break the law, who continue to believe that they are above the law, they are the ones that fall into the downward path. But those of you who are making an effort to understand and obey the law to the best of your ability, will move gradually onward and upward.

Develop your strength for it is the strong that make the greater progress. We have often mentioned the short and the long path. The long path is for those who are weaker and have more difficulty ascending. The rapid path is only for the strong souls who have the desire and the determination to reach their goal as rapidly as possible.

**Questioner:** But sometimes the answers that we are seeking seem so complicated and hard to understand. Would you please comment on that?

**Nathaniel:** Often our decisions are hard to make because we become too tense over the decision. We have a fear of making the wrong decision. It is better to relax and know that the right decision will come to you. Do not try to force these decisions. Deity has a plan for you, a right way for you, and if you sincerely ask that the right way be known to you, then insist that this be known to you. I do not mean to demand in a tense way. Asking is demanding, but ask Deity to bring forth to you the answer that you need, and be persistent in this by continually asking for the answer. I do not mean by this to say, "Give me the answer, give me the answer, give the answer." I mean that you are mentally asking and expecting the answer, knowing it will come to you, that

there is a right way for you and it is going to be made known to you.

Be not anxious, for this puts a block in the way. You know that the answer will be there at the proper time and that the Plan Will work out to your benefit. This is something that you need to ask, too: that it be for your best and highest good. Deity's way is not always our way. Deity's way always knows what is best for us.

But we become over-anxious, believing that time is running out and we don't have the answer. These thoughts are only blocks that we put in the way. Relax and know that it will work out. The right ideas will come at the right time. In becoming anxious, we are not listening for the answers. Expect the answer to come at any time. It does not have to come during your quiet period or any particular time. It can come when you least expect it. You might be going about your daily deeds and suddenly, there it is. You think, "Why did I not think of this long ago"? Or something happens that solves your problem.

What did the Master Jesus say? "Be not anxious." And He meant to not be anxious for the morrow. Because when you become anxious, tense, worried, you're not open to the answer. It is very easy to overlook this part of the seeking, it is very easy to look at what you call the realistic side and think of all kinds of things that can hinder our actions or that could befall us.

But when you put your hand in Deity's hand and know that all is well, that you are His child, expressing for Him for He is expressing through you, and that you are obeying His laws, He will not let you down. Deity never lets anyone down. It is we who let ourselves down through lack of faith, through worry and anxiety, and not being open to the answers. I have seen individuals become tense over something and the answer is staring them in the face but they can't see it because of the blocks they have placed between them and the answer.

You are a part of the Great Universal Mind who has the answers to everything. But you must keep in tune so the answers can come to you. This is why some individuals seem to always be doing everything just right so that everything turns out for their benefit. Ideas come to them one after the other, as they are in tune

with Universal Consciousness and they reap the benefits.

It is difficult, it seems, for man to realize this, to understand the true function of this Great Source of knowledge and wisdom. But believe me, when I tell you that it is all there and you have access to it. So if you would find answers, then do not block them out with disbelief, with doubt and fear and anxiety.

I leave you, beloved friends, by extending to each of you my most sincere love and my blessings.

I invoke the blessings of the Great Ones upon you.

May the realization dawn in each of you of the great opportunities that are before you, by merely realizing who and what you are, and realizing the powers that lie within you.

Go in peace, beloved ones, go in peace, walk in peace. Be joyful, be happy and be positive, and know that only that which is for your highest good can come to you because, You are Joy, you are Peace, you are Positive. ♣
