These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. **Zalhem:** Greetings to you, my children. I am Zalhem.

I have this to say to you now. Each of you is a center of light, a spiritual light and the most important thing that you can do is to develop this light, that it might shine brighter and brighter.

There are many ways of doing this and we shall go into this in depth when all of you are present. But be not anxious for the morrow, just try to improve your light, to grow, and to know that you will be taken care of, your needs will be met. Remember always the great store house, the river of abundance, never runs dry and unless you block its flow. It will flow to you in great abundance. Know this. Follow your intuitive guidance.

Do the things that you know you must do and your cup will be filled to overflowing. Many times your faith will be tested, but if you remain firm in your knowing and in your faith, Deity will satisfy your every need.

Seek not the pleasures and desires of the carnal things but rather seek the kingdom, and all things shall be added. And where is the kingdom? That is another thing we will discuss in greater detail at another time.

Now, as I leave, I extend to each of you my peace, my love and my blessings. May each of you be peace.

Peace, Peace, Peace. ♣
