

Caveat: These communications are informative teaching instructions for those who seek to increase their understanding of themselves and the magnitude of the future lying before us all. These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. Although it has been checked for obvious errors, it has not been finally edited.

Joseph: My greetings to you, my beloved children, and also to those who are physically absent from your group this night. I am Joseph. We, of the other vibrations of life, are attempting to do all that we can to help those of Earth, who are attempting to work in the Light and to walk in the Light. As you are aware, many are being given enlightenment and knowledge on the other planes of life. That is to say, they are being taken to the other planes of life and given this information.

We are also channeling spiritual power to those same ones. You are not aware of these powers being channeled to you at various times but we are attempting in this manner to fortify your strength and wisdom, so that you might be better prepared for the work that you will be called upon to do.

Much is spoken in your religions about having faith and faith is very necessary in your development, but works must go hand in hand with faith. Many claim to be Christians and to have faith but they do no works. Their fruits do not show them to be what they claim to be. To be a Christian, in our concepts, is to be Christ-like, and to demonstrate that which you claim to be.

In the religions of Earth, much lip-service is given to being and becoming a Christian, yet those who give the lip-service are not demonstrating what they are preaching. So we are attempting to give those who are sincere in their attempts to walk in the Light a slight boost, to use your terminology, in their spiritual strength and fortitude.

To turn away from the ways of Earth is not easy when you are in this vibration. The temptations are great. No one likes to be ridiculed or condemned or persecuted. Yet, when you are being condemned and persecuted because of your demonstration of the good life, because you are walking in His footsteps, be exceedingly glad for you know that you are on the Path. You know that your redemption is near.

So fear not those who would persecute you, stone you, yes, even take your life. When these things happen, rejoice, for the time is near when your rewards will be great.

Spiritual strength and fortitude is something that has to be earned and it is earned through service to your fellow man, by going the extra mile, by turning the other cheek, and by giving your coat when you are asked for it.

Also, all of those who would walk in the Light must learn to love one another, not as Earth men love, but with a love that goes far deeper, a love whereby you would lay down your life for another and rejoice in doing it.

We, of the other vibrations of life, are doing all that we can to help those of Earth who desire to walk in the Light. But we also need your cooperation, for unless you of Earth cooperate with us by trying your very best to live these laws that have been laid before you, it is quite difficult for us to be of much service.

So we ask sincerely that all of those who have the desire and the will to walk in His footsteps to put forth every effort to do so. The more you do this the more strength you will be given to resist the temptations that surround you and we realize that they are many. Temptations are being deliberately thrown at you by those who would lead you away from the Light and down the path of destruction.

So, Earth People, you must choose and when your choice and your efforts are of the right nature you will receive guidance, strength and wisdom. We sincerely hope and pray that each one who has the desire will put forth these efforts so that we might serve you better.

I ask that the Love and Blessings of all the Great Ones be bestowed upon each of you this night. May your growth be rapid and your strength increase rapidly, and may each of you find peace in your own hearts.

Peace, peace, peace. Go in Peace. ☸
