Zalhem: Greetings to you, my brothers and sisters, I am Zalhem.

I sincerely hope that you will ponder well the words of our Elder Brother that you just heard. He expressed much in a few words. As time has passed the Brotherhood has come closer to Earth people. They are observing all of those who are seeking the Light. We are anxious for those of you who are seeking the Light to come out of your world into ours, the world of reality. Yours may seem to you a world of reality but in reality it is only an illusion.

There is no reality in your world. Much is required to be able to enter the Kingdom or the world of reality. It was once said that it is more difficult for a camel to pass through the eye of a needle than for a rich man to enter the Kingdom and this, my friends, is literally true. So long as your reality lies in what you call the material or the physical world and its possessions, the more difficult it becomes. The material possessions are only an illusion, like a phantom. They are there and then they are gone and where did they go? Heed not these phantoms but place your concentration upon your search for Truth.

When you are sincere and seriously seeking the Truth in full faith, the necessities of life, as you know them, will find their way to you. Oh yes, there are certain things that you need in your environment and it is necessary for you to attain these in some way. I am not saying that your full concentration must be upon the search for Truth regardless of all else. But what I am saying is that the main concentration of your life should be in developing the resources within yourself. Developing your intuitive senses, so to speak, and learning to follow those senses, and in so doing, you will recognize the opportunities that will bring to you your daily bread without expending all of your efforts in that direction. You will still have plenty of time to work upon yourself, gathering that knowledge and understanding that you need to follow in the footsteps of the Masters.

Too long have people of Earth expended most of their efforts in pursuing the carnal things. This is why your civilization finds itself in the situation that it is in and for

no other reason. This is the thing that is bringing about the downfall of your civilization. So I say again, beloved ones, come out of the world of fantasy into the world of reality. It will require great sacrifices, it will require much effort, but your efforts in the end will be greatly rewarded, for that Kingdom of Heaven is within you and it is up to you to find it. It is there, my friends, it lies within each and every one of you waiting to come forth and enhance your life. So, my friends, seek, search, knock and you shall find and it shall be opened unto you according to your efforts and your desires. How much, my friends, do you desire these things? Much is spoken about serving and searching for spiritual Truths, but unless you have the burning desire within you to accomplish this, it will not come to pass. Today the door stands open and it is open wider than it has been in a long, long time, and the Brotherhood is beckoning, beckoning, beckoning for you to come.

Yet, Earth people, you hesitate, you hold back and what is holding you? It is the attachment that you have allowed to engulf you, the attachment to this world of illusion.

For those who would seek, who would follow the Path, who would put forth the effort, the way is open. The Father is beckoning, waiting with open arms for His wayward children to come home. And each time one of these reaches a certain point upon this ladder of evolution, great rejoicing takes place among those who live in the world of reality.

My blessings and my peace and my joy I leave with you, and all of the Great Ones extend their love and their blessings to you.

May many, many of those who are trying to walk in the Light find their way to the open door and shake off the shackles of the illusionary world.

And now before I leave, I am going to pass among you and upon each of you I will place a blessing.

Peace, peace, go in peace. ☸
