

Caveat: These communications are informative teaching instructions for those who seek to increase their understanding of themselves and the magnitude of the future lying before us all. These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. Teacher: Greetings to you, my beloved friends here at Center R, and my greetings to people of Earth.

Many times have I trod your planet. The first records that you have of this are in your religious histories, when I came to prepare the way for the great Master. Three other times have I manifested myself upon your planet. One time was at your nation's birth, when your people were in great turmoil in trying to establish a nation. Another time I manifested myself at a meeting of your United Nations. Each of these times, I came to try to help people of planet Earth. I tried to point out to them the mistakes and errors that they were making, yet they were not willing to take my advice or my suggestions.

I have come again to your planet and am now among Earth peoples helping to prepare the way again for this great Master. Again my voice is shouting in the wilderness. Again, I am trying to point out to people of Earth the importance of preparing themselves for the times that are upon them. Many times, perhaps more times than not, I am rebuked. People do not heed my warnings. Yet, if only a few do heed them, repent and change their way of life, my efforts have been worthwhile.

The most difficult ones to deal with are your organized religions. They claim to have great faith in God, yet by close observation, one sees that their faith is really not in God, but in the carnal. The priests and leaders of these organizations spend three-fourths of their time in organizational work, raising funds to build larger and more elaborate temples. Perhaps a fourth of their time is spent in ministering to their people, and the understanding of most of these who do the ministering is of a very inferior quality. They have no answers for those who are really seeking to know the truth.

Your nation and other nations of planet Earth have drifted far from their original goals. They talk of one thing, but in secret they do the opposite. Soon, my friends, these things must change upon planet Earth, and they will change. planet Earth must again be cleansed for the carnal has taken over. It rules planet Earth today, but soon this will change and those who

have walked in His Light, the meek, shall inherit the Earth.

Again a new civilization will spring forth based upon the true laws of the Universe, and again this great Master will come to show you the way. No one knows the hour nor the day. So, people of Earth, I am only telling you what you have been told long ago. Prepare. Keep your lamps filled and your wicks trimmed, ere the bridegroom come and you are not prepared.

It saddens me that planet Earth has not followed the teachings of this great Master, but rather has distorted them in many ways. I love planet Earth. I love its people. That is why I have again come to try to help.

Oh, that the masses of your people could realize the importance of departing from the ways that they have chosen, but this is not so. I have said enough.

Questioner: We thank you, We have been greatly blest by your coming. We are greatly indebted to you for all you have done for planet Earth. Again, we thank you for coming.

Teacher: It is my privilege to come among you. I extend to each of you my blessings, my love and my peace. Those of us who are working in the Light appreciate the help of all of you of planet Earth who are aiding us in this effort.

My peace I leave with you. ☸
