Joseph: All hail to you there! I am Joseph.

As Earth people approach the celebration of the birth of their Savior, we pray that the true meaning of this event will dawn in the hearts of many, many of your people. We pray that they will realize and understand the symbology of this great event, that they will attempt to apply this in their own lives, that they will allow the Christ Child to come into their hearts that he may grow and bring true love to those who will accept Him.

This event upon planet Earth has not been understood. It has been a time of merrymaking and exchange of gifts with very little thought given to its true meaning, to why the Savior came, to the reason for the events being as they were. The symbologies of the event and the following events have been studied and understood by only a few of your peoples. It would seem that in nearly two thousand years of time that more of your peoples would have sought the truth but they have not, for had they sought they would have found. But rather they have followed the dictates of the lower self. They have allowed the lower man to rule their desires and to rule their actions.

Now you are approaching the time when again great events will take place upon your Earth with even greater symbolic meanings. Those who have not sought the truth in the past, who have ignored the truth and have been ruled by the lower self, will not comprehend these events. The powers of Satan are becoming stronger day-by-day upon your planet. You need only to look about you to realize this if you have eyes to see and ears to hear. Your Earth and its people are under the rule and influences of these forces not realizing what is happening about them. All of the events that are coming about and will continue to come about are the results of these forces and you can expect these influences to bring about more and more undesirable events. They are not going to be solved by ignoring them, they are not going to be escaped by those who ignore and go about their merry way, believing that someone else is going to solve their problems for them. Only those who have the eyes to see and the ears to hear, who take the warnings and do something about it, only these will stand in the fire.

So, beloved ones who would walk in his Light, prepare yourselves, walk ever closer to Him, follow His narrow path as closely as you can. Become master of that lower self for you are going to find that it will rise up against you, it will fight for its existence and its desires. But you are the master of your own ship, you can if you will, conquer this Satan-self. You can become the master of all things if you have the desire and the determination to do so.

So as you approach again this time, realize in your hearts the true meaning of this event and let this Christ love become ever stronger and more predominant in your being. Let not the temptations of the lower, carnal part of you convince you that those things of the carnal have precedence over the true love and the true love of life and of all things of the true spiritual man, that part which is because He is the power and the glory and will be forever and ever.

May the love and the peace of this Great Master Mind, whose birth you are about to celebrate, pour forth His love and His blessings upon each of you now and may you go forth walking ever in His Light, gaining ever greater and greater understanding of that which He came forth upon your planet to demonstrate.

Peace be with you. ☸
