Samuel: Greetings and bless you my children, I am Samuel. It is my pleasure to come among you once more, to have this opportunity to speak with you.

I am aware of what you were discussing prior to your silent period, although I was not present at that moment. I suppose that you wonder how this can be. Let me say to you, my friends, no word, thought or deed is ever lost and if one understands the universal principles one can tune into these things at will and this is what I have done.

The things that you were discussing are true. There are several plans being discussed and laid by your world leaders. These men who consider themselves very wise and very knowledgeable are planning the future of those they consider to be less wise and less knowledgeable. Not realizing of how that they themselves are being influenced and guided by the forces of darkness. Their selfishness, their greed, their lust is continually being used by those forces.

Many of your leaders in lesser stations who appear to be attempting to promote goodwill among men, who believe they are serving mankind in a positive way, are also being influenced by the forces of darkness, not realizing this is so.

Very few of your world leaders are men of spiritual stature. They are serving the lower self. The greater part of their efforts and thoughts are reacted to gaining greater recognition and greater power for themselves. Many of them do not realize this but they are attempting to serve two masters and as your Great Master, has pointed out, you cannot serve two masters. A house divided against itself will surely fall.

Your nation was one founded on great principles with a government dedicated to serving its people and dedicated to conduct itself according to spiritual principles. Yet these principles were held to in a very loose manner and they have drifted farther and farther from them as they moved down the path of evolution. Most of your people very soon forgot these principals and began to be controlled by the desires of the lower self. This has been the downfall of your civilizations, of your great nations and of your great religions. All of your great religions began on a high principle but soon

were controlled by priests who sought power for themselves and they began to take advantage of and enslave the people, to turn away from their God to worship idols.

In past generations many of your religions actually created idols from gold and silver to worship. Your people today believe that they have past that sort of thing, that they are not so foolish as were those in those days, But I say to you, my friends, the only difference today is that most of religions do not build idols from stone, or wood, or gold. They do not care about that but they are still worshipping those same idols. As you look around you how many do you see who are slaves to their gold and their silver, who are slaves to this or that?

I ask you, my friends, is this any different? That which is most important in your life is your idol and that is what you worship.

So I say to Earth people, cast aside these idols and worship only the Or God. Find the true values in all things. Material possessions as long you are in the physical world need not be a menace to you and it is not sin to possess material wealth. But you must not become a worshiper of it for if you do, it will enslave you. You will become a slave to your own accumulations and as you look about you, you can see this everywhere.

People are so busy taking care of their material wealth that they have no time to feed the spirit, no time to devote to becoming a well-rounded soul. Perhaps they spend an hour now and then in what they call worship, in going to church upon the Sabbath. But in most cases this is only to impress other people that they, too, are spiritually inclined.

So I say to Earth people as has been said to you many times before, build your yourselves treasures in Heaven or in the spiritual realm for these treasures will not pass. These treasures you will carry with you forever. Earthly treasures you can only take as far as you go in this lifetime. The footprints that you leave in the sands of time should be footprints that others can follow in that will lead them to a new and better life. Not a life of service to the lower self but a life of service to

the Higher Self, that part of you: which was created in the likeness and image of your Creator.

May each of you find your way upon His path and may that way bring you peace, love, harmony and prosperity. The only path that will bring you all of these things will be the path of the Master. May you follow it evermore.

Peace, my friends, peace. Go forth in peace. ☸
