Joseph: Greetings to you, my friends, I am Joseph.

Your discussion this evening interested me. I noted that there were many questions in your mind concerning this, so I thought that perhaps I would share my understanding with you upon this subject.

The classes spoken of in the book that you're studying, "Gateway to Liberation" by Mary Gray, are primarily classes held for those who are aspiring toward discipleship and the Brotherhood. These classes are held by some of the Masters who work primarily with Earth people and are concerned primarily with planet Earth. They teach the things that are necessary for the aspirant to know to move upon the path that he is seeking. These classes are held upon the astral plane.

Now there are many other classes that take place and these classes are of manyfold purposes. Some of these classes are held upon what we shall call the lower ethereal plane and are held to teach those who are seeking the higher knowledge and the advanced sciences. Many of these classes are primarily held for the purpose of preparing certain individuals at this time so that they might serve better in the establishment of the New Order which is coming into being at this time upon planet Earth.

Many of these classes are specialized classes in certain specialties, such as cosmic engineering, such as matter, energy, the conversion of energy to matter and matter to energy. These are more advanced methods than are now known upon your planet, for in the New Age we expect Earthman to use this knowledge in developing new energies that will be more productive, that will be simpler and will not damage the environment about you. All of these things are now being taught to individuals for their use at a later time.

Now in reference to your question about classes for all man. This is not done nor is it advisable. Man has to reach a certain state in his evolution and mind capacity before he is given classes on the inner planes.

However all man, or all persons, from the time of birth are watched over. Attempts are made to guide them into the right paths for their own development. But their

awareness is very, very slight and therefore it makes it difficult to influence and to guide them into the paths that would bring them more rapid advancement. But they are not forgotten or neglected and all is done for each individual that can be done at this level of understanding or his place in the scheme of evolution.

That, my friends, is the way it works and a place is held for every individual when they are ready to take that place.

And now I must leave you and as I leave I extend to each of you my love and my blessings, and I invoke the blessings of all the Great Ones upon each of you now.

Go in peace, my friends, go in peace, peace. ☸
