Nathaniel: Greetings to you, my beloved children, I am Nathaniel.

Truth is coming to your planet on many levels at this time. We are trying to get more and more individuals to get a glimpse of the Universal Laws and how they work. In order to do this we have to project on many levels. There are many earnest people today who are wondering what this is all about. They are asking, "Where did we come from, where are we going, why are our lives in such turmoil?" These people come from many walks and levels of life and have to be reached upon their level. Highly materialistic, intellectual people in our culture must be reached on a high intellectual level. Those who function more upon a mental level—"mental" meaning seeking or having a deeper knowledge of Universal Laws and cosmic energies—must be reached on that level, and so on. That is why you find information coming on so many different levels at this time.

The Hierarchy is anxious that all be given a chance to have some understanding of the laws and how they work, what their responsibilities are to themselves, how they fit into the picture of evolution. So everything possible is being done to try to raise the consciousness of Earthman or mankind in this evolutionary cycle of which you are a part.

There are many evolutionary cycles throughout the cosmos, and each cycle must be reached upon the level of consciousness in which it exists at that time. Your evolutionary cycle has reached a point now where it is necessary to separate the sheep from the goats, to use your expression. This judgment day that is spoken of in some of your writings, is not far hence in cosmic time. In order for the New Age to proceed as it should and must, this separation and judgment is a necessary thing.

To continue the incarnating of all that are found in your civilization today, into the New Age would not be a fair and just act for either segment of this group. For if the New Age is to succeed, it must have those of a consciousness that can function and be beneficial in the advancement of those who will enter into that phase of your evolutionary cycle. This period always needs to

come in any evolutionary cycle for all egos do not proceed at the same rate. Many fall by the wayside, some even fall backward, but this is not unusual. This happens in every evolutionary cycle. All seeds that are planted do not reach maturity. Some reach maturity much faster than others. All of this is taken care of in the plans of the evolutionary cycle.

Everything is carefully planned. All are given the same chance, but all do not take advantage of the opportunities that they have. Many become lazy mentally and become indifferent. But these must not be allowed to hold back those who wish to progress, who work, who plan, and who decide to make the climb regardless of the pitfalls and the efforts that are required.

So, beloved ones, you all have the opportunities. You are being given the opportunity to seek out that which is necessary to know in order to proceed on schedule. You, being creators, can determine, what your goal is and create that goal for which you strive. If this is what you desire and you are willing to do the work and make the sacrifices, you can reach your goal. It is up to you. You and you alone can decide. You can master anything. No one can stop you as you are master.

Peace, beloved ones, peace, peace. ☸
