**Clyde:** I was asked by Anthon to describe the following “Color Cone Treatment” as it was given by him, Nathaniel, Joseph and Samuel.

Each of you have your own Wisdors with you. Also, Nathaniel is standing in front of Pauline, Joseph is with Irene, Samuel is with Helen and Anthon is standing in front of me.

All of the Teachers are now starting to do some chants and symbols. I can see color forming around each of you. It seems to be a light rose color. Now it has taken the shape of a cone which starts at your feet and comes up to a point just over the top of your head.

It is now rotating in a clockwise direction, moving fairly fast. It has now come to a stop—then starts to turn counterclockwise. It is a vibrating rose color and is now coming to a stop, fading away to nothing.

Now the chants and symbols have changed and the cone forming is becoming a light green, a little lighter than your grass. The rotation has started in a clockwise direction. Now it has stopped, then begins to turn counter-clockwise. It has slowed down now and has come to a stop and is fading away.

Again the chants and symbols have changed and a medium blue color is forming in an odd shape which now begins to look like a pyramid, rather than a cone. It is definitely now a four-sided pyramid and beginning to slowly rotate clockwise, considerably slower than did the cone. Now it is coming to a stop to reverse its direction to counter-clockwise.

I just noticed a streak or beam of blue coming out or going into the point at the top of the pyramid which I didn't see on the cones. The rotation has now come to a halt and the pyramid is gradually fading away. The chants and symbols are again changing. The vibrating energy or cloud forming around you now is becoming a beautiful golden color and is now starting to take some shape similar to the pyramid. As near as I can tell it has six sides. I don't know what it could be called because it is like the pyramid, but with six sides.

It is beginning to rotate clockwise. Something is now beginning to form above it. It looks like a cone but with the point of the cone down connecting with the point at

the top of the six-sided structure or the lower part. The cone on top is beginning to rotate in a counter-clockwise direction, each rotating in an opposite direction.

Now the cone upside down with its point touching the point at the top of the six-sided pyramid in their beautiful golden color, are both beginning to slow down and are finally coming to a stop.

Each one is starting to rotate again in the opposite direction than they were before, fairly fast. Now they are beginning to slow down, slower and slower until they come to a halt, then slowly fade away.

Each of these vibrating, beautiful, pulsating colors are inspiring to behold, and the energies are uplifting.

Samuel says that they send their greetings to each of you. They hope you have been receptive and have received benefit from this treatment.

If you would retain these energies and benefit from them, then stay positive. stay positive, positive, positive.

Remain positive at all times.

Do not let the negative energies destroy the benefits that have been given to you.

**Questioner:** Now, as they (*Teachers*) leave us, we give thanks to them for the many blessings they have always given to us. ☸
