These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. **Special:** Children of the Light, I take this body for but a moment to invoke upon you my blessings and the blessings of our Brotherhood.

May each of you in your sojourn through this life accomplish that desire which is uppermost in your consciousness. May each receive his good or hers, as they have given.

Great need exists today among your peoples and each of you have been given the opportunity to serve your humanity. Fulfill your duties to the very best of your ability. Give all that you have in the name of Truth and your reward shall be great, not in the things as the world giveth, but in understanding, in knowledge and wisdom will you be rewarded and this, my friends, this my friends, is this not what you seek, is it not?

May the blessings, the love, the understanding of the great Brotherhood of Mankind be invoked upon each of you now.

So be it. Go in peace, beloved. ☸
