Om—Om—Om—Ahri—Ahri—Ahri—Shanti—Shanti—Shanti.

Zalhem: Greetings to you, my beloved children, it is my privilege to come among you tonight. My brother Samuel has told you that the next time I would speak with you I would give you an identification to use so you may henceforth know and identify me as Zalhem. Now, beloved children, I should like to speak with you for a few moments concerning your gathering here. You have the potential here of a spiritual fortress but it must be built stone by stone. If you are to develop this it will take much effort and much work on behalf of each of you. Each of you, in your own way, is attempting to reach a new height in spiritual growth and understanding and this is as it should be. If you are to have a strong group and to have an experience of new heights in spiritual knowledge, wisdom and experiences, then you must gain understanding of self and I say to you that this is not a small order. This has been brought to your attention many times yet I conceive that the true impact of this statement has not yet penetrated very deeply.

If you are to ever understand Creation or Nature or God, use the terminology that suits you best, then you must understand self. You must know yourself for therein lies the secret of the universe and then it is necessary for you to understand your relationship to all Creation. This has been talked about many times yet I also perceive that little thought has been given to this subject. Think upon these things, my children, meditate upon these things. Study your book of Books and you will find many of these secrets hidden therein, hidden only from those who have not eyes to see nor ears to hear. Develop the ability to see and to hear the things that are not seen and not heard by those who seek only upon the surface. You see if you are to find His secrets, if you are to be intrusted with His secrets then you must seek deeply, you seek sincerely, you must be honest and forthright with yourself and with all mankind, with all creation. Do not try to deceive yourself for you cannot do this, you only think that you are doing it.

There has been much said in the past and there has been much written in regard to the pathway and the

entrance to the Kingdom. I am sure that you remember and recall these things. Yes, I am sure that you do. Seek these paths sincerely, seek to learn to live in the Spirit yet not forgetting your obligations on the physical plane. Render unto man that which is man's and render unto God that which is God's. I will not go into this because my brother Samuel, I think, covered this in a previous talk. But these things are of great importance if you wish to advance upon the spiritual path.

As is symbolized in your Scriptures the preparation for entering His kingdom is purity. Purification of the mind, the body and the soul without purification you cannot enter therein so prepare yourselves. As one of your great ancients stated in his ministry "Prepare to meet your King" and when you have prepared yourself He guarantees that ye will enter therein.

There are many things taking place today upon your planet of which the majority of your people are not aware. Great movements are taking place as was prophesied by your ancient prophets. Today His word is being carried to the far corners of the earth and great things are happening to many people. Great miracles are taking place. You too, can join in these things, you too, can experience the things that are happening in many places. You have only to make the decision and to work for that end.

So I say to you, beloved children, spend what time you can in prayer and meditation. Pray that these things will come to you, pray that you too might receive the Holy Spirit, that she might descend upon you, filling you with her glory, her peace and her wisdom. This experience can be had but you must pave the way.

Beloved friends, may the peace, the love and the understanding of all the great Masters be invoked upon you. May each of you rapidly reach a state of great awareness of His power, of His love and of His wisdom.

Peace be with you.

Peace, peace, peace, go in peace. ☸
