Yaum: Good evening to you, my friends, I am Yaum.

With your kind permission, I should like to spend a few moments with you this evening. It has been quite some time now since I have visited with you. I assure you it has always been my pleasure.

My friends, things are not as they might seem at all times. Today your Earth peoples are facing great problems with their economic system. If any of you here had the opportunity to listen to the talk that was given today by your new President, you surely must have noted the great anxiety and fear in his expressions concerning the situation that your people are faced with today. Even he, my friends, did not quite realize the full seriousness of the situation, until he was informed more thoroughly, upon accepting the responsibility of his office.

Your financial leaders and your industrial leaders are much more concerned than they would have you know. They are facing a situation that is the result of many years of wrongdoing, and they are not able to see a solution that will correct the situation that has been created. At least, they do not see a solution that could be worked out, and still maintain the power that they feel that they must maintain and the controls of your world goods.

But soon, my friends, a solution must be found, a solution that shall be beneficial to all the peoples of the planet and not to but a few. Unless this situation is met squarely and fairly and an approach to the solution is taken with an attitude of brotherly love, an attitude of understanding, unless a situation is created of this nature, the entire economic situation of planet Earth shall collapse completely. If only your peoples could realize the importance of bringing about an atmosphere of love, of understanding and brotherhood. If this could be brought into the consciousness of your people, a theocracy could be brought into being that would solve all of your problems and bring about an era that has never been experienced upon this planet.

Those of us who are working in the behalf of people of Earth, are doing our uppermost to instill in the consciousness of Earth people, a feeling of love and understanding. Won't you, my friends, also work hard

at bringing this into your consciousness, and into the consciousness of those with whom you come in contact? Be ever conscious of the effort to accomplish this. Do not forget it for one moment, please.

Now, my good friends, I must vacate this instrument. It has been my joy to be once more with you. I want to express my gratitude for being accepted into this household tonight. My Peace, my love and my understanding, I extend to each of you.

Goodnight, my beloved friends.

Peace be with you. ☸
