These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. Special: Peace. Peace be with you.

Beloved children, why sit ye here in quiet solitude.
What seek ye?

As I speak for a few moments, beloved ones, hear not my voice but hear these words coming to you from within. These words—consider them as a voice within you—speaking to you in quiet solitude.

Let not trouble nor fear rest in your mind, for I am ever with you. What you really seek in your silence is to find Me. I am ever there, for I am a part of you as you are a part of Me. You are the branch through which I express, but if you are to find Me—and you will find Me—you must open the door and allow Me to come forth and be recognized.

I am the law by which you live, but if I am to express My truest form, then you must open the door by recognizing our association. You must recognize that love is one of the catalysts that opens the door for Me to express through you. I do not express well if I am not recognized for what I AM and the way made clear for Me to express My true form.

My true form of expression is one of joy, of peace, one of thanksgiving ever grateful for the opportunities that life has given me. Ever ready to serve my fellow beings to my fullest capacity with wisdom and understanding. Knowing and realizing that man is ever in a state of evolution, and that in the great sea of life, man through his experiences is raising himself ever higher in his understanding. And as man rises in his understanding, My expression through you can be only as perfect as you will allow me to be by recognizing Me for what I AM. For I AM that I AM. But always know that I am here ready to manifest perfection through you when self has been removed. This recognition will only come through the removing of self and complete surrender.

Peace be with thee, my friends, Peace, Peace, Peace.
