

Caveat: These communications are informative teaching instructions for those who seek to increase their understanding of themselves and the magnitude of the future lying before us all. These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. Although it has been checked for obvious errors, it has not been finally edited.

Teacher: I come to you, my beloved friends, in the Love, Light and Understanding of this great omnipresent Spirit of Creation that Great Power and Presence throughout the Universe, which all of us are a part of.

I am today speaking through this instrument by special permission. It is my desire to impart to the dear sister who is sitting upon the left of the instrument our sincere appreciation and acknowledgment of the great work which she has done for your humanity. This has not gone unnoticed, sister. Your accomplishments have reached more individuals than you realize.

A word about the workings of the Plan is in order at this time. As you have probably surmised by this time, a great movement is afoot upon planet Earth, a great gathering together of the forces of Light. This is the time, my friends, when the forces of Light are being gathered together to combine their strength for the events that are at hand. Each gathering that is taking place at this time is for a purpose, and I am sure that all of you realize by this time that nothing is happening by chance. Each of you is being guided into the path that is for you, the path that will bring you to the part that you are to play in fulfilling your mission here.

Many of you who are working in the Light are going to experience awakenings wherein your plan or part shall become more fully known to you, and all of you are rapidly becoming aware of those of us who are helping you, from yon side. Now this is necessary, my friends, that you have this help, and it is necessary for you to become aware of this. For more and more, as the plan unfolds, you will need to be directed and guided, for it is impossible for us to reveal certain things until the proper time. Now you wonder about this, but due to the fact that you are living in this third dimensional vibration, and you are still subject to certain things there which I shall not go into at this time, it is necessary to withhold certain things until the proper time. However, we ask you to cultivate your awareness so that we might easier direct you in the path. This plan that is unfolding at this time for planet Earth is far reaching. It includes all peoples. There must be brought about a new understanding, a new brotherhood that will engulf the planet.

Many of your present concepts, customs and organizations, yes, even nations as you now know them, must go. I am not telling you something new, I am merely reminding you of the fact that this plan is one of great magnitude. That is why at this time you are finding yourselves being brought together, with workers from various phases of the plan, for as it unfolds it shall be necessary for you to know those who are working in the Light. You shall recognize the light workers as you come in contact with them through your intuitive powers.

It is necessary for each of you to become more and more aware of these abilities and talents that you possess. Many of you will find that your work will be wide and varied. Many of you shall find yourselves active in several fields. You will find your capacities for endurance increasing. Encourage these things to grow in you, and you can do this by exercising your talents, for nothing grows without being used. For through the lack of use, our talents, our senses, even our organs of the physical body become inactive.

The Light forces are gradually forming the network that will encircle your planet. Many of you have found yourselves doing things, as has our beloved sister here, not knowing exactly why, but following that inner urge, and in so doing have been led into the path that has brought great happiness and understanding to the individual and has accomplished a great deal in bringing the same results to the brothers and sisters whom they have been led to contact. Continue your work, beloved ones, for those Masters who have come before you are watching and helping, and are well pleased with your efforts.

And now, my dear beloved friends, I leave you, but to each of you I extend my sincere Love and blessings, and we who are working from the other realms are surrounding you and protecting you at all times. My peace I give unto you.

I am one of your local contacts. I have permission to speak through this instrument tonight. I come in the Love and Light of the Infinite One.

You have been told this evening that our group is working with you, and as you are told, we are

constantly with you, directing many of your activities which you do not know about. Presently, and in the past, we have been working through your mentors or your channels. Soon we will be working with you directly. You will be having personal contacts. This conversation is merely a confirmation of the former one, assuring you that we are here, are working with you, and will be contacting you personally.

At this time, it would not be well to identify ourselves, but this we will do. We appreciate your cooperation. It is outstanding.

My blessings are upon each and every one of you.
Goodnight. ☸
