**January 13, 1985**

**Zalhem:** Greetings to you, my brothers and my sisters, I am Zalhem. It is my privilege to come among you.

I see that we have here those with whom I have not been able to be in their presence for a long time. I extend my greetings and my love to each of you.

**Questioner:** Thank you.

**Zalhem:** We, of Circle R, are aware of all of those who have passed through the portals of Center R, and we do not forget you. We are with you in spirit and always welcome the opportunity to again be in your presence.

Life as you know, is a learning process. Opportunities after opportunities to gain greater knowledge and greater experiences are given to you. Knowledge applied is the force behind man's evolvment. In order to evolve man must continually gain greater knowledge of the laws set up at the beginning of your Cosmic Day. These laws learned and applied will cause man to evolve, and he will evolve according to the efforts and the applications he puts into the learning process.

It does not matter how much you may know, if you do not apply it, and you will never know whether a law given is true or false until you have applied and demonstrated it to your satisfaction. No one can do this for you. They can only guide you into the opportunities and the rest is up to you.

The wise and knowledgeable individuals, those who have moved far beyond this race consciousness, and have mastered the major laws, have no concern as to what the effect will be upon them or forced upon them by their environment. For the wise and knowledgeable man controls his environment, and you, too, my friends, can reach that stage of life if you will only learn and apply the laws. The knowledge is always available, for when there is a need, the need is met.

The great Master, whom you call Jesus, pointed this out many times to his followers and to those who were seeking. He said that you should knock and it would be opened unto you, and that if you seek, you shall find. That is a law, that is a law, for when you seek sincerely, the path must be opened to you. The knowledge will come to you as rapidly as you can receive it if you are sincerely seeking for it.

Now then, I see you have your goblets set up here. Nathaniel and I have already blest them, to use your terminology.

**Questioner:** What would your terminology be?

**Zalhem:** I would say that we have surrounded them and impregnated them, and the contents, with vibrations that will be beneficial to all of you. These vibrations will stay with them forever.

We also came to each of you and did the same thing. That is why you had to wait so long for me to speak to you, for this does take time.

I wish to say just a few words about the goblet ceremonies that you have had from time to time, and as you have noted, each time certain words were used or engraved upon the goblet. This, of course, had a meaning for each word was a characteristic that each man needs to develop strongly in his own character, such as brotherly love, etc. This is much talked about but little applied and little understood.

True brotherly love is a love for all mankind, for all things that the Great Ones have created. All of these characteristic words are the things that man needs to develop in his character. In other words, they should become a part of him or of her.

So, as you quaff from these goblets, resolve to review and to remember the symbology or the message of the words that came with each ceremony. Mankind as a whole, needs desperately to develop in these areas. Now then, I have said enough.

If you would like to take your goblets, and if one of you would like to present a toast, that would be very well, or if you do not care to, I would be happy to do it for you.

**Questioner:** Will you do it, please?

**Zalhem:** It will be my pleasure.

Now, as we prepare to partake of this charged liquid, let us open our minds and our hearts to the Great Ones and allow their love and their energies to flow to us ... May each of you receive great benefit from this. May your hearts and minds be open and receptive to the greater knowledge ... As you go forth in your sojourn, may your hearts be filled with compassion with joy and with peace. A peaceful man is a happy man.

So here is to peace and to happiness for all of you.

**Questioner:** And to you, Zalthem, we extend our sincere gratitude and love for all that you have done for us. We thank you and bless you.

*(Zalthem bows.)*

Now, beloved ones, may the peace, the joy and the love of all the Great Ones be bestowed upon you. May your seeking for knowledge and understanding flow to you in great abundance, and may you absorb and use it wisely and intelligently.

Peace, beloved ones. Go in peace, walk in peace. Be peaceful.

So be it. ✿
