Teacher: Greetings to you, my friends, I am *(name)*. I believe you are my friends. It is my privilege to have this opportunity to come among you. I shall try to be brief.

We, who are in your area are well aware of all of the Light workers, observe their activities, their actions, their attitudes for we are at very important point in time. There is but a short time left to complete this Age and those who would follow in the Light and serve in the Light are being tested in many ways.

As the story was told in your scriptures of the Master who gave the talents to his servants, so have the talents been passed out to those who would serve in the Light and the observations are being made as to how they carry out these talents. You are being guided and led much more than you realize. Led into situations where decisions must be made, tests of the sincerity of those who would work in the Light and to see where their greatest interests lie. This is happening all across the surface of your planet for soon the goats must be separated from the sheep and each must prove their abilities and their sincerity. Each must prove that he can stand in the fire. For, my friends, it is going to take great spiritual strength to stand in the fire. Few there are who realize just how much strength it will take. Few there are who have the slightest realization of some of the things that might be required of them to prove their loyalty to their God and their principles.

The forces of Satan are moving rampant upon your planet so beware that you are not carried away by these. If you follow the teachings of your great Avatar, the great Master who laid the foundation for this Age, you will be able to stand in the fire. You will be able to overcome all things and to emerge victorious. This, my friends, should be the goal of all Earthmen. But few have set such a goal and therefore few will achieve this goal.

We are here to help in every way we can those who are sincere and would serve in His everlasting Light. We have walked beside each of you here although you were not aware. We have helped you in situations when you were not aware of our help. We do not seek rewards for our help or efforts, we seek only to serve

and this should be the goal of Earthmen. For to lose one's self in the service of one's fellow man is to find self and when you have found yourself you have accomplished a very great and high goal.

So, my friends, as you walk the Path be ever aware of what goes on about you. Do not overlook the opportunity to serve, regardless of how small that service may seem to be, for even a kind word, an encouraging word or a pleasant smile can mean a great deal at certain times. No vice however small it might seem will go unnoticed or unrecorded in book of Life.

We sincerely hope that each of you in your endeavors to serve and in your assignments and your tests will fulfill each to its fullest that you might gain a greater understanding, a greater degree of happiness, peace and well-being. For as each one reaches a higher rung on Jacob's ladder, he helps to draw other men with him. May each of you be responsible for raising the consciousness of a few of your fellow men that they, too, might enjoy life more abundant. I leave you by extending to each of you my most sincere love and peace. I may at sometime greet any one of you in a different manner, so beware.

Peace. ☸
