

Caveat: These communications are informative teaching instructions for those who seek to increase their understanding of themselves and the magnitude of the future lying before us all. These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. Although it has been checked for obvious errors, it has not been finally edited.

Oxal: Greetings in the Light, my friends, I am Oxal. I come to you in the everlasting Light of the Infinite Spirit.

Our monitors have recorded that which is going on in conversation and thought between you this night. These things are well to discuss occasionally. As was stated by one of you here, it is well to be aware. But it is unwise to give power to the negative. This power can be given through fear, or by dwelling too much on these subjects. For the very thought may attract them to you, especially when you become emotional over these things.

It is well, at your state of understanding, that you are not able to see that which exists in space, for at your level of understanding, it would be very distressing to you. But it is well to consider that all life in space is not as you know it.

There are many phases of life in space, many forms. And to use your terms, some of these would be hideous to you, for you would see them as such. But life takes on the form that is best suited to its environment. It is well to remember this and realize that, that is the reason for all forms.

It is not necessary for you at this time to know all of these things. Your main concern at this moment should be self-development, learning to know yourself, learning to become aware of who you are and what you are, and why you are here.

The primary laws for you to know and understand at this time are the laws that your great Avatar taught. All of these laws were brought to you by him when he trod the surface of your planet a few years hence. If these Truths that were taught by him, that were left by him for you to study, could be studied and understood by you, and then put into your everyday life as a living example, then your eyes would be opened.

Questioner: May I ask a question?

Oxal: Yes, you may.

Questioner: Where do we get the key?

Oxal: My beloved brother, the key has been given to you many times. The key is Love. For when you have learned to love, the rest will be very simple. You see,

beloved ones, that Love center must be opened, as has been stated. Without Love you have nothing. You see, if you truly love your fellow man, then you will go the extra mile, you will turn the other cheek, and when he asks you for your cloak, you will give him your coat. For you see this great Love, once you have it, would allow you to do nothing else. All things would be overcome by this great Universal Power. For this, my friends IS the Power, is the Light that permeates throughout Eternity, and brings all things into being. Without this great Love you would not be. Because of this great Love, you are.

This we have stressed through all of our communications. But at your level of life, in your environment, it is difficult for you to conceive of the power contained in this Love of which we speak. For in reality, it is an energy, a power. To have understanding, you must have love, and with it will come understanding, wisdom, discernment, and all of the things necessary to bring you the life that you seek. Does that answer your question?

Questioner: Yes, it does. I want to thank you.

Oxal: You see, you do not have to go far away to find the Truth. It is before you. It was all left here for you by your great Teacher. You need only grasp these Truths. Could I be of further service?

Questioner: Are you aware of this girl I am working with at the clinic, who has pains in her ear?

Oxal: No, at the moment I am not. I would have to check up on this case.

Questioner: Are you aware of the clinic?

Oxal: Yes, we are aware of your work, but at the moment I am not aware of this particular entity of which you speak or of that problem.

Questioner: I'll be seeing her 3 o'clock Monday, if you'll attune yourself, I'd be very happy.

Oxal: I would be happy to oblige. If you will try to make yourself receptive, I may be able to help you at that time.

Questioner: Thank you.

Oxal: Try to be particularly aware of your impressions in this case. In the meantime, I shall look into this matter. Would you mind giving me the name and location of this particular entity?

Questioner: Her name is Eileen G., a 16 year old girl. Her location I do not have. I'm sorry to intrude at this time.

Oxal: That will do.

Questioner: Thank you.

Questioner: Oxal, we are so much concerned about our friends who have channeled, and we feel are perhaps being taken over, complicated by forces that are not of the highest. Can you give us any enlightenment, or any way in which we can help them?

Oxal: We are also aware of your concern, for these people. It is not our desire to see these things take place. But as we have explained to you before, ego, self-desire, and many other things which I shall not mention, of which you are not aware, enter into these cases. We, as servants in the Light, do not, and will not invade the privacy or the will of any individual. We shall help them in every way that we can. We shall attempt to impress them to use wisdom, to use discernment, and to take these things within them, in Love and Understanding. To go within to their higher consciousness and there decide if what they are receiving is of the highest, or if it is what they desire.

Each of you must measure your Truths and your teachers by their fruits. As I stated to you previously, by their fruits, shall ye know them. Each of you has the God-given power to judge the fruits of your truths and your practices. If the fruits do not bring you happiness, well-being, then you should think twice before you follow them. We cannot make your decisions for you. Each must make his own decisions as to the path he will follow.

Many times you may find yourselves on the wrong path, but when you recognize it, have the courage to turn back and to start over. Everything must be measured and measured carefully, but it must be done by you. We cannot do it for you.

Questioner: Thank you very, very much.

Oxal: And now, my friends, if there is nothing further, I shall leave you. I extend to you in leaving our love and our Blessings. I am Oxal. ✨
