These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. Questioner: Welcome, Yaum, it is nice to be together with you when we are so far away from home.

Yaum: We will be together again in other times and realms, but for now we will have to be content with the present.

Questioner: We feel that we have been guided to present the opportunity to a few to try to qualify for discipleship.

Yaum: You will be guided and inspired as to the proper things to do. You are being guided by certain ones of the Brotherhood and you will know the right things to do at the right time with the right people, with whom to associate. However, I would like to say that this is going to perhaps develop into a little different situation than you might think, in that not necessarily will all of the members be in one locality. It will branch out from there, each one doing their own work but having an association with and receiving from Center R. It does not have to be entirely contained in one close area. In fact it is going to be necessary for many of these things to branch out in order to encompass more and to do a greater work, to aid and reach more people. At least for the time being a focal point (*Center R*) will be needed. (*Name*) will be working in his area, you (*names*), will be working in your area and maybe others in other areas.

But I am really on the sidelines of this. I come to you occasionally and I know many of the things that are going on but I do not keep track of everything, as I am not the one directing this. But I will still visit you as a member of the circle but not as an active director. This is done by members who are working in another branch or order of the Brotherhood.

I have been associated with you people for many years and I will continue to visit with you and to talk with you from time to time, but will not direct your group or the groups that may develop, as they come under the work of Zalthem, Joseph, Samuel and others. So you see how it stands.

Questioner: Does everyone have to go through discipleship before they can graduate from this planet?

Yaum: Well, yes. They have to reach certain accomplishments. They have to finish their schooling

here and pass all of the tests that are necessary to move on.

Questioner: When one is on the probationary path, how long is it before a Teacher appears to guide him?

Yaum: The Teacher will appear when you have qualified and have met the qualifications of discipleship, when you have passed what you call the probationary period, which means a lot of work with self, in mastering self as our brother Raphael has explained to you. This does not necessarily mean that you have to be 100% in every phase before you can receive a Teacher. But it means that you will have to attain all of the qualifications within yourself to a large degree and that means, of course, carrying these things and demonstrating them in your everyday living. That is the only way you can accomplish it, by practicing these things and developing them every day. So the time depends upon the individual, how well he or she advances in this way. It means a great deal of overcoming and when you really begin to accomplish these things and analyze yourself as you go along, you will begin to realize how much work there is to be done. So to have a teacher depends on the individual, how hard they work at it, how sincere they are, how much they accomplish. One might do this in a year, another 10 years, etc..

The Great Silent Brotherhood starts way up here and as it comes down it branches out into various Orders, etc. It has many phases, many different Orders. It is an organization but it does not function like most of your Earth organizations do. There is no struggle for power, no friction among those working in the Brotherhood. Each does his part, each has an assignment and the higher one is developed, the higher position does he hold. There is no question as to authority. When one is asked to do something, he does it willingly, humbly and to the best of their ability. In this way do they grow. Because one is asked to do a task that he feels is below his dignity in your organization, it causes hard feelings. This is one of the things that is considered in the qualifications for discipleship. That is, how well one is able to function in their daily tasks. You should be able to carry out any task, regardless of how menial it may be or seem and do it to the best of your ability, willingly and happily.

Questioner: What Brotherhoods on our planet are part of the Silent Brotherhood?

Yaum: All of the Orders that are of a high nature are branches of the Great Silent Brotherhood. They may have different names, different work. An example might be the Catholic organization which has so many different Orders of nuns, priests, etc., but of course, it functions on a much different level.

This test of accepting in humility any task many will find difficult and you are going to find yourselves in these positions in order that you might be tested. All of you will go through many tests, you will have to prove yourselves in every way.

Earth man in the New Age will have to learn not to accumulate great wealth, like owning great, vast lands or anything of great monetary value. As long as you have plenty to eat and to wear, a good place to live, you do not need to accumulate. The Masters do not accumulate because it detracts them from their spiritual work, that is, the time it takes to look after such things.

Each one is on a different rung of the ladder. I have many rungs to go yet as all of us do. If it were not a continuous process of growing, it would become quite boring, would it not? So I am thankful that there is much more for me to learn and to grow into because I would not want to stay where I am for the rest of time or go to a place where there is no more to do than be happy and leisurely.

I would like to see all of you accomplish the qualifications for your discipleship very rapidly for we are all anxious to receive you. We are waiting with open arms and if we could, we would like to do many of these things for you but this would not make you strong, it would only make you weak. We want you to be strong because your survival will depend upon your strength. Remember always that great things, great heights have never been gained except by hard work, hardships and suffering. It is only through this that we can accomplish these things and be strong.

Our hearts may ache for you many times, yet we know that what you are experiencing is necessary and must be for your own good. They cannot be avoided even as your great Master Jesus could not avoid them.

I bless you and we will give you all of the strength that we can. We will help in every way possible but we want you to be strong and to be wise and to be powerful.

May your hearts be filled with love, with peace and compassion. I ask all of the Great Ones to pour forth their love, that your hearts may be filled to overflowing. Peace, peace, go in peace. ✽
