Oxal: Greetings in the Light, my friends, I am Oxal. It is my privilege again to have the opportunity to come to you. Since last we spoke to you, we have traveled to our solar system and again returned to your solar system. That is not of great interest, however. I do have a little surprise for you at this time, so I shall step aside and give to you our guest who has spoken with you before, Mong Ling.

Mong Ling: Mong Ling here. It is again my pleasure to have the opportunity to speak with you. As you know, I am from the Planet Venus. I have lived upon your planet, and have gone through the processes of life that you are now passing through. I have a great love for your planet, and a great interest in it. Soon I shall be returning to your planet on a special assignment. I may come among you, or perhaps I shall speak with you in another manner than this. I mean by that, a different manner than the beam.

There is a great need of brotherly love upon your planet today. I should like to see all of those who are attempting to walk in the Light to cultivate a greater degree of brotherly love and understanding for their fellow man. Realize that you are one in reality and learn to feel this oneness, and a merging of the soul, and enter a different state of consciousness when you merge consciousness with others.

Many of you today are interested in healing. If you would become a healer it is necessary that you learn to do this. You must learn to care for your fellow man, if you have a desire to help.

Only through your service to mankind will you enter His kingdom. To worship and pray is not enough, you must serve. You must serve willingly, keeping in mind always the thought of doing for others.

There are many ways that man can serve. Each has a capacity of one nature or another that he can use in serving his fellow man. Each must use that talent to the best of his ability. The greatest asset that man shall have when the Book of Life is opened, will be the record of his service to his fellow man, and each shall be judged accordingly. Some have greater capacities than others, so you will not be judged altogether on

how much you have done, but how much you have done in relation to your capacity.

There is such a great amount of work to be done in His service, and the workers are few. Percentage-wise the workers are very few. So this means that each one who has made the choice to serve in the Everlasting Light has a great task before him. His load will not be light. As time moves on the load will grow heavier, for as your planet moves into the new area of space, it will go through a cleansing such as it has never known.

Yet, out of all this will come a new civilization. A new man will emerge who understands and loves, a species of man such as this planet has never known.

He will have a greater brain capacity. He will be able to understand many of the mysteries that heretofore have not been comprehended by him due to the lack of his capacity to comprehend. Man will know a new Earth, a new heaven, and a new Man. Those of you who walk in His Light, will be the ones to help establish this new kingdom upon planet Earth.

Many there are upon your planet today who have great knowledge, great wisdom, and great understanding. At the proper time they will be awakened to these new truths, and they will go about a new way helping to establish this new kingdom of true brotherly love and justice to all.

Does this sound like something you would like to be a part of? Then I say work. Work hard at establishing yourself in His Light, and walk a path that is straight and narrow. Follow these rules that were set down for you by that Great One who ushered in the past age. He came to show you the way and He did this at great sacrifice, but he demonstrated to man what man can do, and what man must be, sooner or later.

So walk in His footsteps and soon he will return to aid in the establishment of this new kingdom. He has great love for this planet. It is a responsibility that He has accepted and will fulfill. Now I have said enough. I will return you to Oxal.

Oxal: Oxal here. It has been our pleasure to bring Mong Ling to you tonight. We love Mong Ling here and are always happy to have him visit aboard our craft. I hope his talk has been of some help to you in this

manner. Now I leave you by extending to you the love,
the light, and understanding of my people.

I am Oxal ☸
