

*Caveat: These communications are informative teaching instructions for those who seek to increase their understanding of themselves and the magnitude of the future lying before us all. These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. Although it has been checked for obvious errors, it has not been finally edited.*

**Oxal:** Greetings in the Light, my friends. I am Oxal.

It is my pleasure once more to speak with you and incidentally, I would like to say that you are still cataloged here as "Center R." Although your geographical location has changed this does not affect us in any way, so you still will be known to us and referred to as "Center R."

We have been listening to your conversation at this time, also we have had our Iconiscan tuned to your location. We find here sincerity among the entities present, therefore we should like to say that if you care to offer your services to your fellow man, in helping to bring knowledge and understanding, we, as will others, be most happy to cooperate in any way that we can. It will be very possible that besides occasionally speaking to you, we may bring about influences that will guide and direct you, which perhaps you may or may not be aware of.

We are watching closely, as we have been for some time, the people of Earth. We are particularly interested in those who are seeking greater knowledge and understanding, and we have been and will continue to direct and influence these people into the path where they can find that which they are seeking. We are not interested in the carnal desires of your people. We are not interested in helping them accumulate earthly goods. We are only interested in helping those who have made the choice to seek and to serve.

To serve their humanity in every way possible and by this we mean in the slightest way that you can find to do so. Even a cheerful word or smile to those who need it does not go unnoticed and unrecorded in the Book of Life. Therefore it behooves every one of you to watch and to seek ways of service. There is a great need for this among your people and the time is so short.

Great events portend upon your planet and among your people in the days to come. Much, much greater than you realize. Therefore be not found wanting. Be not asleep when your Master returns but rather find yourself working and caring for that which your were given charge over, for he who is faithful in the small

things shall be given greater realms to have charge over.

Therefore I say to you. Be aware, alert, awake. Prepare your house, for unless your own house is in order you cannot help another to put his house in order. For as your great Master once said, "Do not attempt to remove the straw or the twig from your neighbors eye until you have removed the log from your own."

So my friends, as you require and qualify for our help you shall receive it. Not only from us abroad the Otavana, but from many others in other realms of life. We are sitting here in space, watching and waiting ready to lend a helping hand wherever we can, serving in all ways to our fullest capacity in the light and love of understanding.

So, we the Sons of Adoni, give to you our love, our light and our understanding.

I am Oxal. ✿
