

Caveat: These communications are informative teaching instructions for those who seek to increase their understanding of themselves and the magnitude of the future lying before us all. These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. Teacher: Peace, peace be with thee, my friends.

As Earth man today stands upon the threshold of a new venture, he who has the desire to know finds that within his heart burns an urge to reach out and to grasp new truth, new understanding, to broaden his consciousness that he might be ready and prepared to venture out into the future.

Man of Earth has a great deal of knowledge yet to be gained, before he is ready to venture into space. However, this knowledge is coming rapidly to a few. Your science today possesses much more knowledge of space and what will be involved in space travel, than is being channeled to the people, for your masses are slow to accept, slow to expand. They have been sheltered for so long that some of the new truth that is known to your science, must come in a gradual way, to your masses, but slowly they are being conditioned.

But some of the great truths that must be loosed in the future, are going to shake some of your people to the very roots of their being. It is going to do the same for some of your religious organizations, for some of the teachings that have been passed out by these, are so far from the truth that the truth will be very shocking to these.

But those of you who have ventured out in search of truth with open minds and open hearts, are able to accept and understand these things as they are brought to you. Some of these things may even cause some of you a bit of wonderment, not that the truth has not been known to some upon your planet, for all through the ages, there have been a few that have known the truth and have adhered to it. But, realizing the illusion that man of Earth lives and has his being in, realizing that for centuries he has lived in a hypnotic state and, therefore, has not seen clearly, nor heard clearly, but the veil, the hypnotic veil, is gradually being lifted from Earth man, and he shall begin to see things as they are. He shall see life for what it is, and then, gradually, the truth of life will present itself to those who are ready and willing to accept it.

And a new heaven and new earth shall appear, and man of Earth shall know life as he has never known it before. He shall become a new creature.

He shall no longer live in darkness, for the light shall cause him to bloom forth in his true beauty as nature intended him to be.

Peace be with you, my friends. Peace be with you. ♣
