These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. Zalhem: Greetings to you, my children, I am Zalhem.

Since you are approaching your day of celebration for the Great Master whom you call Jesus; we, of Center R, your Mentors or Wisdors, Yaum, and Anthon, would all like to extend to you our best wishes and greetings for your festive period.

The celebration that takes place on planet Earth, by and large, is much of a sham, for little meaning is understood of the true, esoteric meaning of the birth of the Christ child.

This Great Master gave much to the world. His hope was to bring to mankind of Earth the esoteric Truths that man must eventually learn and understand if his evolvment is to go forward.

In His teachings he used a two-fold method. He dealt with the masses in parables, bringing to them the fundamental laws that they must first live by if they are to enter into the kingdom of knowledge. To His close followers He taught the esoteric Truths, the deeper meanings of all of these things, hoping that they might be able to carry on after him and bring to mankind a new understanding of life. One that would bring them greater and fuller lives, and Truths that would eventually enable them to control their lives; to master the lower self; to be able to better their environment, and to eventually control it.

But his close followers, as He, met with much opposition from those who were in power, for in those days the Priesthood controlled the people through fear, and fear can only be destructive. When we instill fear into individuals or people on a mass basis, we can only bring about inharmony, destruction and violence.

Those who would gain and hold power, would use any means to gain and hold their power. Thus it was that the esoteric teachings were driven from the churches and the corrupt Priesthood took over.

This must be changed. The time has come for the change, and this change is rapidly approaching. Man must learn the Truth. He must no longer be controlled or misled by the myths and the legends. It is time that man must assume responsibility for himself, for his actions and his thoughts.

As the New Age dawns, these changes must take place, and it is in the process of taking place at this time. And so we give thanks for this, and for the Great Master whose birthday you are celebrating, for the great efforts and sacrifices He made for mankind.

I extend to each of you my most sincere blessings, my love and understanding. I invoke the blessings of the Great Ones upon each of you and all of the members of Center R.

Be peaceful, beloved ones. Find that peace within you that transcends all else. Peace.

Zalhem: Greetings to you, my children, I am Zalhem.

We have noticed that you have your gold goblets all ready so we have blest them. Each of your Wisdors and Nathaniel and Joseph have poured out a special blessing upon them.

Clyde: Nathaniel and Joseph stood in front of the goblets on the table, making various symbols while chanting as our Wisdors stood by us chanting and making symbols, also. Nathaniel, Joseph, and Zalhem each wore purple ceremonial robes with gold sashes.

Zalhem: Now, if each of you will take your goblets, we would like to have a little "toast," as you call it. I will take a goblet for the boy here. Let us stand.

As you approach your coming year, may each of you gain greater knowledge, greater wisdom that will enhance your strength and your ability to cope with the times that are ahead. May your wisdom and your power increase. May you find new peace, joy, and as the merry bells ring out for this festive season, may we all give thanks that we have had the opportunity to gain greater knowledge.

And may we give praise and thanks to the One whose birthday you are celebrating, for the time, effort and sacrifices that He made to bring to Earth mankind, a little greater knowledge and understanding that those who are so inclined, could grow and improve their lot in life. And so it is.

(The group expresses their appreciation and gratitude to Zalhem and the Teachers for all of the knowledge, love and inspiration that they have brought to them.)

Zalhem: It is our pleasure to come among you and to converse with you and to share our understanding with you. We are humbled to be able to do this, and our only hope is that you will take these Truths that we have brought and use them, demonstrate them. For that is the only way you will know if we are giving you Truths. Every Truth must be demonstrable, and you will never know whether it is or not until you have demonstrated it. That is all we can do: bring Truths to you, the rest is up to you.

As I leave I extend to each of you my most sincere blessings, my love and my understanding. I invoke the blessings of the Great Ones upon each of you, and all of the members of Center R.

Go in peace, beloved ones, walk in peace. Be peaceful. Find that peace within you that transcends all else.

Peace. ♣
