

Caveat: These communications are informative teaching instructions for those who seek to increase their understanding of themselves and the magnitude of the future lying before us all. These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. Although it has been checked for obvious errors, it has not been finally edited.

Nathaniel: Greetings to thee, my beloved friends, I am Nathaniel.

It is my privilege and my joy to be able to spend a few moments with you at this time. It is my very great pleasure to be with you.

Among those that are seeking in the metaphysical and in the occult and what you call "New Thought" and many other names that are used in these fields, among these are many who have great concern as to how they are going to avoid some of the upcoming events that have been foretold. Much discussion has taken place concerning these things as to where there would be a safer place to be and the severity of the effects in various areas of your planet as far as these events are concerned.

I should like to say a few words in regard to this. There will be very few if any areas upon your planet that will not be affected in one way or another. Some will be affected in a more severe manner than will others, but should not be a great concern for one who is truly walking in the light. The main concern of those who are seeking His light should be the development of their soul, to do develop awareness and intuitiveness, for those who are walking in the light will be at the right place at the right time serving Him to their fullest capacity. Those who are doing this need have no concern.

If your life is given in the service of your fellow man, so what of this?

The life of the carnal body is of very little importance to those who walk in the light. They have little thought of this for they know that life neither begins nor ends with the physical or chemical body. So the main thought uppermost in the minds of those who seek His light should always be improve their knowledge, their wisdom, their love and their understanding so that they might walk in greater and greater light. For each individual can only walk in as much light as he or she does radiate. So with each passing day let your light shine a little brighter that others might see this light and follow.

The Way is narrow, the road is not a smooth one, so wander not from right to left but be steadfast and follow in His footsteps. The carnal body is only a vehicle to be used as a medium of conveyance on this level of expression. However, you were given this vehicle to use, to care for and as long as you need it, it is your responsibility to care for it so that it might be a vehicle that can serve you well. This is your responsibility and all should recognize this but how little it is recognized in your civilization. The soul can grow and develop much better and much faster on this plane if the vehicle in which it resides is well kept and in good working order.

The Father knows when you are finished with this vehicle and the laws of nature provided for its return from whence it came when you are through with it. So in every way you can develop your soul, let it grow and expand in consciousness. Keep that everlasting light flowing to you at all times that you might be better prepared for the service that you will need to render in these times ahead.

So be not concerned as to where you will be or what you shall eat or what you shall wear. The Father knows what you have need of and if you are in His service the needs will be supplied. So beloved ones, continue to walk ever in His footsteps, place your hand in His and walk with Him. He will help you on the road when it becomes rocky. He will help you in times of despair if you but place your trust in Him. Through Him all things are possible, without Him you are as of the dust. He is your strength, your joy and your peace. Let Him abide in you and you abide in Him and all will be well with you. You are because He is.

Go in Peace, beloved ones.

Go in Peace. ✠
