These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. Yaum: Good evening to you, my friends.

I have a few moments tonight that I would like to spend with you if you have any questions?

Questioner: Would you please comment on Kohoutek?

Yaum: There are many who are baffled because of its action or non-action, as some of the Hierarchy are baffled. Things do not always work out in the universe as they have been calculated to do. Something happened as the comet went around the sun. It seemed to have burned out a great deal on its return trip and lost its brilliancy. Then it did not continue on the course as had been calculated. This is why you have had trouble seeing it.

There is a study going on now with the Hierarchy, trying to determine exactly what happened. There may have been an intervention by higher powers or perhaps by the Power of Powers for some reason unknown to us. This remains to be seen or discovered.

That is all that I can tell you about it as astronomy and astrology are not my fields. I do not claim to be all wise but this is what I have been told. So you are not the only ones who are baffled.

Those from higher realms who are attempting to help Earth people have not reached the ultimate. They are not all wise nor infallible. There is much to learn in this vast sea of life on one's climb to the ultimate. Knowledge and understanding comes in degrees and it is shared with you as it is received, and when you are ready to receive it. But I am sure that more information and enlightenment shall be coming to you in due time.

It is again my joy to spend a few moments with you. I ask that all of the Great Ones pour forth their love and their blessings upon each of you.

Peace, beloved ones, Peace, Peace. ♣
