

*Caveat: These communications are informative teaching instructions for those who seek to increase their understanding of themselves and the magnitude of the future lying before us all. These lectures are not of a religious nature but rather deal with the science of human potential and evolution. This document is a direct transcription from the original recording. Although it has been checked for obvious errors, it has not been finally edited.*

**January 11, 1961**

**Special:** Peace be with thee, my friends, peace.

You were asking for, what was it, confirmation, advice?

**Questioner:** Yes.

**Special:** From our side, we can only say that we will do our part in helping thee to succeed in your efforts to bring about understanding. The success of your organization, beloved, will depend upon each of its members or participants and the effort that each of them put forth in establishing love and understanding within their own hearts.

You have begun a wonderful thing by attempting to establish an organization that will dedicate itself to this purpose. Rededicate yourself each day to the work that lies before you. Realize what you are attempting to accomplish. Establish your purpose and stand by it. You will succeed according to your efforts, directed in the right way.

Harmony must prevail if you are to reach an aoneness among you. To reach an aoneness does not necessarily mean that all concepts and understandings must be at the same level, for this will never be, but with aoneness comes understanding and with understanding comes peace, and is this not what each of ye seek, above all? For what has man if he has not peace within his own heart? When peace comes to you, all mankind will look different. You shall see within mankind the image of your Creator. To see this, Man must have peace.

May each of you find this peace in your heart soon, beloved.

Peace, Peace, and may it surround you and enfold you forevermore. I go. ❀
